

August 28, 2012 (updated 1.30.13)

Dear Applicant:

The Buncombe County Tourism Development Authority (BCTDA) is pleased that you are interested in applying for funding from the Tourism Product Development Fund (TPDF). Created by the State Legislature in 2001, the TPDF provides funding for capital tourism projects that increase the number of overnight stays in Buncombe County lodging properties.

Before you begin the process of applying for funds, it is important to understand the parameters governing the TPDF.

- As written in the enabling legislation, it is the intent of the BCTDA to fund capital projects that will generate a substantial number of new room nights in Buncombe County. Applicants must demonstrate how the project will generate new visitors and incremental room nights.
- Funds must be used for capital expenses associated with the building and construction of new tourism projects. Funds cannot be used for operations, marketing, feasibility studies or design.
- Applicants must demonstrate that they can secure funding from sources other than the TPDF.
- Applicants must provide a detailed business plan, feasibility study and financial statements.

Please note the following guidelines for submissions. Applications that are incomplete or that deviate from the required format cannot be considered for funding.

- Provide complete information in response to each question in the ***Application for Funding***. Do not skip questions. If you are unable to answer a question or if a question is not applicable to your project, please briefly describe why it cannot be answered.
- Index your application submission by providing labeled tabs for each main section 1-7. There is no need for separate pages for each subsection as long as the subsections are clearly labeled within the section. Use a three-ring binder or other appropriate indexed binder.
- Submit twelve (12) complete hard copies of your application. Each copy should be the same.
- **Because the source of funding is public, applications are subject to the requirements regarding “public records” found in Chapter 132 of the North Carolina General Statutes. All submitted applications will be disclosed upon request.**
- All funding applications are due by **4 p.m., Monday, January 28**. Deliver your complete applications to the Asheville Convention & Visitors Bureau at the Asheville Area Chamber of Commerce (36 Montford Avenue).

A representative from your organization may be asked to attend a follow up interview. Applicants are typically contacted within five weeks of the due date.

If you have specific questions about the application process, contact Cate Marvill at 828.210.2724 or [cmarvill@exploreasheville.com](mailto:cmarvill@exploreasheville.com). Thank you for your interest in the TPDF.

Sincerely,

Jeff Covington  
Chair, Tourism Product Development Fund Committee

**Buncombe County Tourism Development Authority  
Tourism Product Development Fund  
Application for Funding 2013 – Updated 1.30.2012**

**BCTDA is subject to the requirements regarding “public records” found in Chapter 132 of the North Carolina General Statutes. All submitted applications will be disclosed upon request.**

Index your application submission in a three-ring binder by using tabs labeled for each numbered section. There is no need for separate pages for each subsection as long as sections and subsections are clearly labeled.

**1. Executive Summary**

Please provide a summary of the proposed project including organization information, project description, funding request, total project budget, timeline and how the project meets the stated goals of the Tourism Product Development Fund.

*NOTE: This summary may be used for releases to the media and general public. As the source of the funding you are seeking is considered public funds, your application is subject to public review.*

**2. Applicant Information**

2-A Name of organization requesting funds, mailing address, phone, email and contact name for application follow-up questions

2-B Brief history of requesting organization

2-C Identify any pending legal actions against applicant or organization

**3. Project Specifics**

3-A Project name and description

3-A(i) If a similar project already exists in the region, is there additional market demand to support a new product? Provide information on how your project will add new visitors to the existing market.

3-B Project timeline including anticipated start/end dates for construction and opening date(s) and when TPDF funds will be needed. Priority may be given to projects ready to begin construction within 18 months of funding cycle. If your project will not begin construction within 18 months, explain why a commitment of funding is crucial to your project at this stage.

3-C Proposed tax status of the project

3-D Explain the value of the project to the region (500 words or less)

**4. Funding Specifics**

4-A Requested funding amount, and whether the request is for a grant, pledge of debt service or loan guaranty

4-B Total budget for the project - provide a break out of actual projected construction costs from design fees, feasibility studies, etc.

4-C Identify all sources of received funding. Identify other potential funding sources and note if the fund requests are pending or already committed. Note if any of these sources of funding are contingent on receiving TPDF funds.

**5. Return on Investment**

***Projects that receive funding are required to annually report ROI information including out-of-market visitor numbers and room night estimates.***

5-A If your organization currently contributes to tourism in the area, provide the following benchmark information:

- How does your organization currently impact tourism and overnight visitation?
- How many out-of-market visitors do you receive per year? How is out-of-market visitation measured?
- How does the proposed project increase your current impact on tourism and overnight visitation?

5-B If benchmark information is not available (i.e., a new attraction), what methods of data collection will you implement to measure out-of-market visitors and economic impact? Provide any additional competitive analysis data.

5-C What is the current annual visitation at your organization? How is that number determined? Provide the estimated number of total annual visitors to the proposed project for the first three years of operation. List anticipated visitors per month (January-December). Explain how that number is determined.

5-D What percentage of annual visitors to the project will spend the night in Buncombe County? Explain how that percentage is determined.

5-E How many additional room nights at Buncombe County lodging properties will the project generate per year for the first three years of the project? List the estimated room nights by month (January-December) for three years. If your project is located on a lodging property, will it cause room compression in the market?

5-F Describe the marketing efforts that will be implemented to achieve the above projected visitors and room nights

5-G Provide demographics of the typical project visitor

5-H Based on increased attendance, will your project create permanent new jobs beyond initial construction jobs in Buncombe County? Provide the number of new positions created and the amount your payroll will increase.

5-I Discuss the potential of your project to spur additional development projects.

## 6. Brand Destination Alignment

6-A What are your organization's core values and brand promise to visitors? How do they complement the Asheville destination brand? A brand information sheet is included in this packet.

6-B If an award is made, your organization may be required to work with the CVB to ensure your employees and/or volunteers deliver the Asheville Area Destination Brand Promise to visitors. Please check the appropriate boxes below and insert the chart in your application.

	Currently	Future
Provide Asheville Travel Guides		
Provide web link to ExploreAsheville.com		
Staff complete Promise Training program		
Staff knows and understands the Asheville Area Destination Brand Promise		
Other Identified Opportunities		

6-C Discuss any environmentally sustainable practices and how your project would minimize environmental impacts on Western North Carolina.

## 7. Supplemental Material

To assist the TPDF committee in better understanding your project, submit the following supplemental material as applicable.

7-A Business/ Strategic Plan/ Feasibility Study

Attach the current business plan for the project including a three-year marketing plan, competitive analysis, feasibility data/studies that validate the business plan and financial schedules for first three years of operation (pro-forma, profit and loss, balance sheet).

7-B Pertinent information about requesting organization

- Current board of directors and financial information including the most recent audited year and current financial statement
- Current mission statement and strategic plans of requesting organization
- Current partnerships with other organizations
- Proposed partnerships for this project

NOTE: The TPDF committee reserves the right to request additional feasibility analysis performed by a third party. Costs for additional analysis will be discussed with applicants before contracting with a third party.

7-C Attach commitment letter(s) verifying all funding sources

7-D Attach letters of recommendation (no more than three)

### **RETURNING APPLICANTS ONLY**

If you have previously received TPDF funding for the same project, please provide an additional statement that includes the following information.

- Funds raised (not including TPDF dollars) since your last application
- Any change in project scope
- Overall progress report on the project
- Updated budget and updated construction timeline with reason for delays

## TPDF Criteria for Funding

Based on the Buncombe County Tourism Development Authority's (BCTDA) mission statement as well as TPDF legislative guidelines, the following criteria were developed by the TPDF committee to evaluate each application. All project applications must be complete and first meet the core criteria. If a project meets the core criteria, it will then be judged on additional criteria.

BCTDA Mission: *To be a leader in the economic development of Buncombe County by attracting and serving visitors, generating income, jobs and tax revenues that make the community a better place to live and visit.*

### **Core criteria:**

- Return on investment (ROI) & economic impact
  - New room nights generated in Buncombe County
  - Revenue generated based on room nights
  - If applicable, number of new local jobs created based specifically on new employment
  - Ability to measure out-of-market visitation and economic impact data
  
- Asheville destination brand alignment
  - Commitment to work with bureau to ensure organization employees complete brand training program and/or understand how to deliver the brand promise

### **Secondary criteria:**

- Community value
- Environmental sustainability
- Feasibility of project
- Timeline of project completion
- Current financial picture
  - Financial resources
  - Partnership funding structure
  - Project costs
- Ability of project to leverage additional development in the community

### **Tertiary criteria:**

Priority may be given to applications representing new projects or returning projects which have been funded just once in a prior funding cycle. Returning projects, which have been funded two or more times, may have a lower priority.

Priority may also be given to projects that will break ground within 18 months of the funding cycle. Projects not ready to begin construction within 18 months should consider applying at future cycle.

## Frequently Asked Questions

### ***Buncombe County Tourism Product Development Fund***

**1. What is the purpose of the Tourism Product Development Fund (TPDF)?**

The creation of the TPDF is the outgrowth of a business decision by the tourism industry to find a way to drive more room nights to the area. The purpose of the TPDF is to provide financial assistance for major tourism capital projects that will substantially increase patronage of lodging facilities in Buncombe County.

**2. How is the TPDF funded?**

The occupancy tax (or *room tax*) in Buncombe County was increased from three cents to four cents in August 1, 2001. In 2011, the additional cent generated approximately \$1.7 million of room tax revenue.

**3. Who decides what project(s) receives TPDF dollars?**

The enabling legislation mandates that a TPDF Committee review all funding applications. Each project must pass a two-stage approval process prior to receiving funding. The TPDF Committee first thoroughly reviews all applications and conducts interviews as needed. The committee then makes funding recommendations to the Buncombe County Tourism Development Authority (BCTDA). Before a project is recommended to the BCTDA board, eight of the nine member TPDF Committee must affirm the decision to fund, or all voting committee members minus one in case of absentees or abstentions. A majority of BCTDA voting board members (four) must affirm the funding recommendations made by the committee.

**4. What are the primary funding criteria?**

Each project is reviewed on its own merit and much scrutiny is given to the methodology and assessments of room nights. Projects are judged on their ability to generate new room nights as well as to impact the overall economy, similar to the way that businesses are assessed for potential economic development incentives. The TPDF committee also requests information on financials from each project to ensure the financial viability of a project as best it can. All projects must meet the core criteria of destination brand alignment, economic impact, and return on investment based on estimated new room nights generated. Additional criteria will be assessed if a project meets the core criteria.

**5. How important is it that a project demonstrates that it will generate a substantial number of new room nights in Buncombe County?**

It is essential that each project demonstrate the potential to drive new and additional room nights. The room tax collected in Buncombe County is a self-imposed tax by the lodging community. The lodging community expects projects that receive funding to generate a substantial number of new room nights in Buncombe County, thus, creating a greater economic impact benefiting all residents in the community. Each applicant may consider utilizing a consultant or an independent third party to validate not only the feasibility of the project, but also the number of new room nights that will be generated. Be prepared to answer detailed questions by the TPDF committee about the estimated new room night numbers in your application.

**6. Are there restrictions on how the TPDF can be used to fund a project?**

The legislation establishing the TPDF states that the funds are to be used for *tourism capital projects* such as construction costs for a new tourism project. Projects requesting TPDF dollars for marketing, design or operations expenses will not be considered.

**7. How important is it that applicants secure other funding sources prior to submitting an application?**

**The TDPF is not intended to be a project's primary source of funding.** Applicants who can demonstrate other sources of secured funding will be reviewed more favorably than those who rely solely on the TPDF for funding.

**8. Are both profit and nonprofit projects eligible for funding?**

When first created, the tourism industry purposefully crafted the legislation without consideration of tax status of the applicant. The aim was to create an incentive pool to help projects that would serve as a destination driver or provide a reason for an extended stay or repeat visit. Projects are judged based on their ability to create substantial new and incremental overnight stays in Buncombe County thus creating a significant overall economic impact on the community. Private organizations should note that all information and documents submitted in your application packet are considered public record.

**9. Can applicants partner with other organizations/businesses?**

The TDPF Committee encourages applicants to think about how your project may complement other potential projects in the community. However, each applicant must submit a complete application including budget and room night projections for their individual project. You may address the benefit of the partnership within your responses.

**10. Who can answer a question that applicants may have about the TPDF?**

Contact Cate Marvill, Senior Project Manager, at the Asheville Convention & Visitors Bureau at 828.210.2724 or by email at [cmarvill@exploreasheville.com](mailto:cmarvill@exploreasheville.com).

# Asheville Destination Brand

## What is a brand?

A genuine brand is the internalized sum of all impressions received by customers to consumers resulting in a distinctive position in their mind's eye based on perceived emotional and functional benefits. In essence, it is the emotional connection between the consumer and a product - between the visitor and Asheville. A brand is the many sensorial experiences with a product – smells, tastes, touches, sights and sounds. It clearly reflects the nature and personality of the diverse Asheville area and distinctively sets the area apart from the regional and national competition.

A common misconception is that a logo is a brand. A logo is simply a graphic representation of a brand and a tagline is another way to represent a brand. The tagline, “any way you like it,” conveys the Asheville area brand platform; the idea that no matter what your interests are, the Asheville area will provide an enriching, memorable experience *any way you like it*.

## Asheville Destination Brand Platform

Our brand idea and promise are grounded in Asheville’s history – all that has contributed to what the destination is today. This area has a long history of hospitality and acceptance, welcoming visitors to this area dating back to the late 18th and early 19th centuries when it became known as a health and wellness destination. As it became more well-known, it attracted and inspired people from all walks of life, including wealthy socialites and even the famous.

As a unique element of sophistication formed in this part of the Blue Ridge Mountains, greater opportunities became available to enrich the experience. And as George Vanderbilt’s home transformed itself into one of the early tourist attractions in the country, the Grove Park Inn began attracting celebrities, and the area’s rich heritage was discovered, the arms reached even wider to welcome an increasing number of visitors.

The net result of this genuine, organic evolution is an area unsurpassed by the variety and quality of arts and crafts, restaurants, music, attractions and outdoor opportunities available to experience. It remains today, an area that welcomes and inspires visitors, artists, adventure seekers and entrepreneurs – all who seek to enrich their lives in a real and personal way.

## Asheville Destination Brand Promise

### *Our promise to our visitors*

We guarantee you a life enriching experience each and every time you visit Asheville. It's personal, personal to you. And it is also personal to us. We live that same genuine experience and want to share it with you. We empower you to discover a collection of experiences that is as unique and varied as each individual who visits us, and allows you to do so in a warm, embracing and creative environment.

## Asheville Destination Brand Core Values

### *Principles that define our destination*

**Welcoming:** Warm and engaging; friendly and accessible; we are excited that you came to visit; we want to share our Asheville with you.

**Natural:** Genuine, original and real, not staged; we respect your individualism and originality; our natural lifestyle is only enhanced by the natural beauty that surrounds us; come and be amazed and rejuvenated.

**Vibrant:** Colorful, bright, engaging and delightful; be delighted by the opportunities around you; we are creative, diverse and alive; come and be energized by our colorful and exciting lifestyle.
