Video Views (All Platforms) - Figures for total monthly video views on all platforms. Data is provided by YouTube, Vimeo, Facebook, and Instagram and does not include advertising campaign views.

* **Source:** STR, Inc. Republication or other re-use of this data without the express written permission of STR is strictly prohibited.

** **AIRDNA Cancellation Accuracy** - The AIRDNA booking algorithm determines whether unavailable dates are due to a reservation by a guest or a blocked date by the host. AIRDNA can only pick up cancellations if the unavailable days changes back to available on the listing calendar. If the dates remain unavailable, then there is no way for AIRDNA to have any visibility on these cancellations. During periods of unusually high cancellations, AIRDNA may overestimate room night demand for short term rentals.
