

How to Use a Stay Safe Pledge Facebook Profile Frame

Available versions: "Asheville Cares," "Black Mountain Cares," "We Care"

There are two main ways to access one of these Facebook profile frames. *It's easy!*

Instructions for Option 1

1. In Facebook, go to the profile picture for your personal or business account.
2. Hover over the picture and click "Update." A window will pop up with an option to "Add Frame."
3. Click "Add Frame" and search for one of the following:
 - *Asheville Cares Stay Safe Pledge*
 - *Black Mountain Cares Stay Safe Pledge*
 - *We Care Stay Safe Pledge*
4. Select the frame when it appears. Adjust as needed.
5. Click "Use as profile picture."
6. Facebook will automatically switch back to your original profile photo, without the frame, in one week, unless you select a different option. You can choose "custom" or "never" and manually remove the profile frame at a later time, whenever you wish.

Instructions for Option 2

1. You can also go directly to the profile picture update window with the profile frame you wish to use. When you click on any one of the links below, that profile frame will already be selected and previewed. You can adjust as needed.
 - *Asheville Pledge:*
www.facebook.com/profilepicframes/?selected_overlay_id=326098001712009
 - *Black Mountain Pledge:*
www.facebook.com/profilepicframes/?selected_overlay_id=1464105533784082
 - *We Care Pledge:*
www.facebook.com/profilepicframes/?selected_overlay_id=858998277926405
2. Follow steps #5 and #6 above.
